**Subject:** Revised Selenium Result - Clam Tissue Sample LW2-BTFC015

Valerie,

Please notify EPA (Eric Blischke, Chip Humphrey) and NOAA (Rob Neely) that a selenium concentration in a Round 2 clam tissue sample has been revised due to a units conversion error made in the laboratory. The attached Form 1 includes the revised selenium concentration for the subject clam sample.

An updated database will be posted on the LWG 's server as soon as possible .

Thanks.

Sandy
